The entrance way says Smithsfield on it. Ring the bell and I shall buzz you in, but please don't ring prior to your appointment time as there may be another family in ahead of you. The clinic is the building on the right as you come down the long driveway.

Please ensure that you contact the clinic prior to your appointment date if you require any further details or directions. You may find it difficult to get through to the clinic phone on day of assessment as it will go straight to voicemail during any assessment or therapy sessions.
